Volunteers in your area have created a fundraising event to benefit The V Foundation for Cancer Research. The **Jimmy V North Carolina Foosball Open** will be held **March 16-18, 2007** at Fat Daddy's in Raleigh. We sincerely request your consideration of support for this fundraiser.

The V Foundation for Cancer Research was established in 1993 by ESPN and the late NC State basketball coach Jim Valvano. Our mission is to save lives by helping to find a cure for all cancers. Since our inception, the Foundation has raised more than \$60 million for cancer research. The V Foundation operates with a small staff and an all-volunteer Board of Directors and Scientific Review Committee to ensuring over the past 5 years 83 cents of every dollar goes directly to research.

Cancer does not discriminate. If current trends continue, it will strike one of every two men and one of every three women in the United States in our lifetime. The V Foundation funds research for all types of cancers all over the country. The Foundation has awarded 250 grants in 36 states and the District of Columbia.

We are excited that our friends have chosen us for their fundraising efforts. Your support is a big step in their success. Grassroots efforts such as this are the heart of V Foundation funding. Please join our cause!
